A Leadership Retreat, Reimagined

Coherence, Connection, & Commitment

Claremont Unified School District didn't want another sit-and-get kickoff. They needed their leadership team aligned, energized, and ready to act.

They partnered with ProSolve to create a full-day retreat focused on human skills. Leaders were challenged to think differently, connect through hands-on collaboration, and turn bold ideas into actionable plans.

The result:

Shared vision, stronger teams, and strategies ready to implement.

1

Inspirational Keynote: A high-energy keynote on the urgency for human skills and career readiness.

2

Unlock Teamwork: An immersive team building experience that built human skills.

3

Action Planning Session: A collaborative session where leaders designed plans to address real challenges when building human skills.
